

Eni i-Base professional 10W-40

APPLICATIONS

Eni i-Base Professional 10W-40 is an engine oil developed to provide excellent performance in petrol or diesel fueled vehicles that operate under severe conditions.

CUSTOMER ADVANTAGES

- The good detergent and dispersing properties of **Eni i-Base professional 10W-40** effectively minimize the formation of lacquers, varnish, sludge and other types of deposits. This product helps to prevent the piston rings sticking, keeping in suspension the substances that tend to settle.
- **Eni i-Base professional 10W-40** has a strong resistance to oxidative phenomena resulting from prolonged exposure in high temperature conditions and in the presence of air and other agents.
- Its anti-corrosive properties ensure effective protection of engine components from the attack of moisture and the neutralization of acidic products that are formed during combustion.
- The anti-wear properties ensure a long service life of the moving parts, significantly reducing the need of engine maintenance.

SPECIFICATIONS

- API SL/CF

Eni i-Base professional 10W-40

CHARACTERISTICS

Properties	Method	Unit	Typical
Appearance	APM 27	-	limpido
Density at 15°C	ASTM D 4052	kg/m ³	880
Viscosity at 100°C	ASTM D 445	mm ² /s	14.0
Viscosity Index	ASTM D 2270	-	152
Viscosity at -25°C	ASTM D 5293	mPa·s	6800
Flash point COC	ASTM D 92	°C	220
Pour point	ASTM D 97	°C	-27
B. N.	ASTM D 2896	mg KOH/g	6.2
